§ 1309.11

as the down payment, the cost of necessary renovation, loan fees and related expenses, and fees paid to attorneys, engineers, and appraisers, are not considered to be administrative costs.

- (k) A proposed schedule for acquisition, renovation and occupancy of the facility.
- (1) Reasonable assurance that the applicant will obtain, or has obtained, a fee simple or such other estate or interest in the site of the facility to assure undisturbed use and possession for the purpose of operating a Head Start program. A grantee seeking funding for acquisition or major renovation of a facility that is sited on land not owned by the grantee must establish in its application that there is no other feasible alternative to acquisition or leasing of the facility for providing a suitable facility appropriate to the needs of the Head Start program. If the grantee proposes to acquire a facility without also purchasing the land on which the facility is or will be situated, the application must include a copy of the existing or proposed land lease or other document which protects the Federal interest in the facility and ensures undisturbed use and possession of the facility by the grantee, or other organization designated by ACF, for the purpose of operating a Head Start program or other program designated by ACF. A grantee applying for funding to make major renovations to a facility it does not own must include with its application written permission from the owner of the building projected to undergo major renovation and a copy of the lease or proposed lease for the facility. A grantee receiving funds for acquisition or the major renovation of a facility, on land belonging to another party, must have a land lease or other similar interest in the underlying land which is long enough to allow the Head Start program to receive the full value of those permanent grant-supported improvements.
- (m) An assessment of the impact of the proposed project on the human environment pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) and its implementing regulations (40 CFR parts 1500 through 1508), as well as a report showing the results of tests for en-

vironmental hazards present in the facility, ground water, and soil (or justification why such testing is not necessary). In addition, such information as may be necessary to comply with the National Historic Preservation Act of 1966 (16 U.S.C. 470f) must be included.

- (n) Assurance that the grantee will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601 et seq. and 49 CFR part 24), and information about the costs that may be incurred due to compliance with this Act.
- (o) A statement of the share of the cost of acquisition or major renovation that will be paid with grant funds.
- (p) For a grantee seeking approval of the use of Head Start funds to continue purchase of a facility, a statement of the extent to which it has attempted to comply and will be able to comply with the provision of §1309.22.
- (q) Such additional information as the responsible HHS official may require.

§1309.11 Cost comparison for purchase, construction and major renovation of facilities.

- (a) A grantee proposing to acquire or undertake a major renovation of a facility must submit a detailed estimate of the costs of the proposed activity and compare the costs of the proposed activity as provided under paragraph (c) of this section and provide any additional information requested by the responsible HHS official.
- (b) All costs of acquisition, renovation and ownership must be identified, including, but not limited to, professional fees, purchase of the facility to be renovated, renovation costs, moving expenses, additional transportation costs, maintenance, taxes, insurance, and easements, rights of way or land rentals. An independent appraisal of the current value of the facility proposed to be purchased, or which the grantee will continue to purchase with Head Start funds or to receive major renovation, made by a professional appraiser, must be included.
- (c)(1) Grantees proposing to purchase a facility, without requesting funds for

major renovations to the facility, must compare costs of the proposed facility to the cost of the facility currently used by the grantee, unless the grantee has no current facility, will lose the use of its current facility, intends to continue to use its current facility after it purchases the new facility, or has shown to the satisfaction of the responsible HHS official that its existing facility is inadequate. Where the grantee's current facility is not used as the alternate facility, the grantee must use for comparison a facility (or facilities) available for lease in the grantee's service area and suitable for use as a Head Start facility or which can be made suitable through incidental alteration or renovations, the cost of which shall be included in the cost comparison. In the case of an application for approval of the use of Head Start funds to continue purchase of a facility, the cost of the present facility must be compared to the cost of the facility used by the grantee before purchase of its current facility. If the facility used by the grantee before the purchase of its present facility was deemed inadequate by the responsible HHS official, or the grantee had no previous facility, the alternative facility shall be an available, appropriate facility (or facilities) of comparable size that was available for rent in the grantee's service are at the time of its purchase of the current facility. Grantees which have established under §1309.10(f) that there is a lack of alternative facilities that will prevent or would have prevented operation of the program are not required to provide a cost comparison under this paragraph.

(2) Grantees proposing to construct a facility must compare the costs of constructing the proposed facility to the costs of purchasing a suitable alternate facility or owning, purchasing or leasing an alternative facility which can be made suitable for use through incidental alterations and renovations or major renovations. The alternative facility is one now owned by the grantee or available for lease or purchase in the grantee's service area. If no such facility is available, this statement must explain how this fact was determined and the claim must be supported, whenever possible, by a written statement from a licensed real estate professional in the grantee's service area.

- (3) A grantee proposing to undertake a major renovation of a facility must compare the cost of the proposed renovation (including the cost of purchasing the facility to be renovated, if the grantee is proposing to purchase the facility) to the costs of constructing a facility of comparable size. In place of the cost comparison required in the preceding sentence, a grantee proposing to make major renovations to a leased facility must show that the monthly or annual occupancy costs for the term of the lease, including the cost of the major renovations, is less than, or comparable to, the costs of purchasing or leasing any other facility in the grantee's service area which can be made suitable through major renovations, if such a facility is available.
- (d) The grantee must separately delineate the following expenses in the application:
- (1) One-time costs, including but not limited to, costs of purchasing the facility to be renovated, the down payment, professional fees, moving expenses, the cost of site preparation; and
- (2) Ongoing costs, including, but not limited to, mortgage payments, insurance premiums, maintenance costs, and property taxes. If the grantee is exempt from the payment of property taxes, this fact must be stated.
- (e) The period of comparison for purchase, construction or major renovation of a facility is twenty years, except that for the purchase of a modular unit the period of comparison is ten years and the period of comparison for major renovation of a leased facility is the period of the lease remaining after the renovations are completed. For approvals of the use of Head Start funds to continue purchase of the facility the period of comparison begins on the date the purchase began.
- (f) If the facility is to be used for other purposes in addition to the operation of the Head Start program, the cost of use of that part of the facility used for such other purposes must be allocated in accordance with applicable

§ 1309.12

Office of Management and Budget cost principles.

[68 FR 23221, May 1, 2003]

§1309.12 Timely decisions.

The responsible HHS official shall promptly review and make final decisions regarding completed applications under this part.

Subpart C—Protection of Federal Interest

§ 1309.20 Title.

Title to facilities acquired with grant funds vests with the grantee upon acquisition, subject to the provisions of this part.

§ 1309.21 Recording of Federal interest and other protection of Federal interest.

- (a) The Federal government has an interest in all real property and equipment acquired or upon which major renovations have been undertaken with grant funds for use as a Head Start facility. The responsible HHS official may subordinate the Federal interest in such property to that of a lender, which financed the acquisition or major renovation costs subject to the conditions set forth in paragraph (f) of this section.
- (b) Facilities acquired with grant funds may not be mortgaged or used as collateral, or sold or otherwise transferred to another party, without the written permission of the responsible HHS official.
- (c) Use of the facility for other than the purpose for which the facility was funded, without the express written approval of the responsible HHS official, is prohibited.
- (d)(1) A grantee receiving funds to acquire or make major renovations to a facility that is or will be sited on land not owned by the grantee must have a lease or other arrangement which protects the Federal interest in the facility and ensures the grantee's undisturbed use and possession of the facility. The lease or document evidencing another arrangement shall include provisions to protect the right of the grantee, or some other organization designated by ACF in the place of the

grantee, to occupy the facility for the term of the lease or other arrangement and such other terms required by the responsible HHS official. The designation of an alternate tenant or occupant of the facility by ACF shall be subject to approval by the Lessor, which will not be withheld except for good reason, not including the willingness of another party to pay a higher rent. A grantee receiving funds for the major renovation or acquisition of a facility, on land belonging to another party, must have a land lease or other similar interest in the underlying land which is long enough to allow the Head Start program to receive the full value of those permanent grant-supported improvements.

(2) Except as required under §1309.31 for certain modular units, the grantee must record the Notice of Federal Interest in the appropriate official records for the jurisdiction where a facility is or will be located immediately upon: purchasing a facility or land on which a facility is to be constructed; receiving permission to use funds to continue purchase of a facility; commencing major renovation of a facility or construction of a facility. In the case of a leased facility undergoing major renovations, the Notice of Federal Interest shall be a copy of the executed lease and all amendments. In the case of a facility now sited or to be constructed on land not owned by the grantee, the Notice of Federal Interest shall be the land lease or other document protecting the Federal interest. The lease or other document must ensure the right of the grantee to have undisturbed use and possession of the facility. In the event that filing of a lease is prohibited by State law, the grantee shall file an affidavit signed by the representatives of the grantee and the Lessor stating that the lease includes terms which protect the right of the grantee, or some other organization designated by ACF in the place of the grantee, to occupy the facility for the term of the lease.

(3) The Notice of Federal Interest for property sited on land not owned by the grantee shall include the following information:
